Red Hat Learning Subscription - Premium

Kód kurzu: RHLS520

Red Hat Learning Subscription Premium is the complete solution to create the learning experience that best fits you: live-taught classes that fit into your schedule, on-demand training available anytime, extra access to instructors for guidance, and additional resources to support your learning.Red Hat® Learning Subscription Premium provides a customizable learning experience with self-paced and live training options. Users can tailor their learning with recorded video classes, e-books, online content, and live virtual classes. A subscription provides access to content across the entire Red Hat product portfolio, content that is continuously updated by Red Hat experts. Live, instructor-led classes create an engaging, immersive learning experience. These interactive sessions compliment the on-demand, self-paced learning materials available with a Red Hat Learning Subscription for highly effective, flexible training for everyone from beginners to experienced professionals.

Subscribe to benefit from a full year of

- Live, instructor-led virtual classes: Benefit from an interactive classroom with added flexibility and convenience.
- Access to Red Hat certified instructors: Virtual classes are taught by the same experienced subject matter experts who lead classroom trainings.
- Flexible scheduling options: Various class topics and time options facilitate incorporating learning and preferences into busy schedules.
- Focused training sessions: Participants can narrow their learning to more specific topic areas.
- Choice of learning modality: A combination of self-paced materials and expert-taught classes maximizes learning.
- Train without traveling: Learn when, where, and how it is best for you.

Keep pace with technology with a flexible learning platform

- This subscription provides an array of additional features to complement the learning experience. Cloud-based labs give the opportunity for hands-on practice in actual Red Hat environments. Expert extras are short, on-demand videos where Red Hat practitioners demonstrate innovative technologies in practical scenarios. Skills paths and pre-assessments are available for course selection guidance. Red Hat Learning Subscription Premium also includes certification exams. Red Hat's exams are industry-recognized and performance-based. These exams validate that holders have the skills needed to undertake even the most ambitious technology projects. Reporting capabilities to track progress toward training and certification goals.
- Red Hat Learning Subscription Premium lets you maximize your open source investment with a dynamic learning platform that suits everyone from beginners to experienced professionals.

Description

24x7 self-paced access to Red Hat online training and video classroom courses

Content is created by Red Hat experts who build and use Red Hat technology and is directly related to Red Hat certification exams.

Early access

Be the first to explore in-development technology before it is officially released by accessing courses and labs in development.

Cloud-based labs

Get hands-on practice in authentic Red Hat environments, delivered 24x7 on six continents.

Skills paths

Map your learning and certification goals to one of the skills paths inside the platform to develop a strong foundation for a specific skill set.

Certification exams and retakes

Validate your skills through performance-based exams remotely or at a testing station. Exams can be taken when and where it's most convenient.

Red Hat Learning Subscription - Premium

Expert extras

Red Hat field practitioners present short demo videos to supplement courses by showing innovative technologies and practices based on actual use cases.

Expert chat

Get direct answers and guidance from curriculum experts via a 30-minute chat session per day. Machine translations provide chat dialogue in local languages.

E-book Downloads

Download course e-books to continue learning offline.

Reporting

An individual's dashboard provides a summary of training progress, courses and labs taken, and exam status.

Management reports provide insights so a team's engagement and progress can be measured.

Globally available, translated content

Access Red Hat's most popular courses in as many as 11 languages: English, International Spanish, Brazilian Portuguese, French, Italian, German, Simplified Chinese, Korean, Japanese, Hindi, and Czech.*

*Course translations depend on training modality and course demand.
